

ICE RINK BECOMES CENTER OF COMMUNITY FUN

Complete design and install of building fabric and HVAC systems. All from one Source. Arizon Structures.

BUILDING DESCRIPTION

SIZE: 223' x 133' (29,200 square ft)

TYPE/ACTIVITY: Ice Rink / Hockey Dome in the winter; Indoor Soccer Field in the Summer

CHALLENGE

- Design an air structure for ice rink with spectator area and offices.

ARIZON STRUCTURES SOLUTION

- Arizon worked with the Village of Freeport, NY to build a custom solution to fit its budget and needs.
- Energy efficient HVAC systems by sister company Johnson Air Rotation Systems
- Revolving doors and emergency exits to satisfy building codes

RESULT

- Ice Rink is used for everything from hockey practices to figure skating competitions to open community skating.
- Rink is converted to indoor soccer field to maximize year round usage.
