Mr. Soehngen,

The Dome itself was a huge success over the winter for our YMCA. The two schools that used the covered pool for practice and meets were in swimming heaven once the Dome was up and operational.

In all, the Dome experience has been a good addition to the YMCA's ability to provide excellent service to the community as well as to our members. It was the topic of many conversations and allowed the Nuber YMCA to grow some during a slow period over the winter months. Thank you for a good product and providing help when it was needed. Bob Worstenholm, Alex, Jacques, and Mike Roach helped in many ways.

Yours in Christ,
